“Reaching Education 5.0 via further teachers' training on upgrading green and digital competences of students with disabilities and special needs via integrated phenomenon based learning approach” (TEACH-PHEN)

EXPECTED RESULTS:

- R1: Teachers' supportive handbook on phenomenon based learning concept combining science, geography, mathematics, history.
- R2. Online supportive course including self-assessment mechanism on green competences acquisition with regards to climate change via phenomenon based learning for students with mild disabilities.
- R3. E-learning platform to facilitate distance learning process via phenomenon based learning.
- R4. Training activities for teachers and students with mild disabilities based on R1 and R2.
- R5. Wider dissemination and exploitation.
- R6: National multiplier events.
